

**Welcome to Foy's Arcade, a one of a kind environment where people, process and technology come together to create an immersive experience like no other.**

While Foy's Arcade may look effortless in its execution and use, it is a very sophisticated network of computers, data and systems that require some knowledge and practice to ensure that on the day everything runs according to plan.

Because Foy's Arcade can be used in zones or a whole environment, you need to be able to know how to use the room for all scenarios.

You also need to adhere to some strict but basic rules of engagement.

1. All use of Foy's Arcade must be booked via our website **foysarcade.com** or with Erin Donnellon at **edonnellon@ispt.net.au**
2. All content must be provided 48 hours before it is intended to be shown.
3. All content must be tested 24 hours prior to any event.
4. Unless specifically arranged with Foy's Arcade or CSI all content creation is the responsibility of the individual who is organising the event.
5. You will need to work closely with Foy's or CSI as they will be configuring the room to suit your usage requirements.
6. Foy's Arcade is a flexible workspace and some furniture and areas can be reconfigured to suit your needs.
7. You must discuss and document any furniture, catering and AV requirements with Foy's or CSI 48 hours prior to the use of Foy's Arcade.

We welcome you to Foy's Arcade.

**LEVEL 6,  
246 BOURKE ST  
MIDTOWN**
